EDUCATION

KIT-KalaiginarKarunanidhi Institute of Technology,Coimbatore 2023-2027

Computer science Business System

cgpa:8.6

Coursework :DSA,OS,Computer Networks,OOPS,DBMS,System Design,Devops,Cloud computing

PROJECTS

[Graph-Based Detection:](#)  | **FAST API,NEO4J,MERN STACK**

2026

- Built a graph-based phishing detection system using Neo4j and FastAPI to identify malicious URL relationships, suspicious hosting patterns, and coordinated phishing activity.
- Implemented graph-driven threat analysis to detect suspicious domain clusters and shared infrastructure commonly associated with phishing campaigns.

[Petcare-Website](#)  | **MERN STACK**

2024

- PetCare Website service-based platform designed to make pet parenting easier and more convenient. It allows users to book track vaccination of pets,appointments with nearby veterinary hospitals, hire trusted pet care sitters, and schedule grooming sessions.
- In addition, PetCare provides training tips, nutrition guides, and raises awareness about common pet diseases.

[Fitness-Tracker](#)  | **MERN STACK**

2025

- A full-stack fitness tracker application that enables users to log workouts, monitor progress, track daily streaks, and generate weekly performance reports. The system provides personalized recommendations based on BMI and region-based meal plans, and integrates Groq AI for intelligent user assistance.
- Designed to help users build consistent workout habits through continuous tracking and insights, enhancing overall user engagement. Contributed to backend development using Node.js, Express, and database integration.

TECHNICAL SKILLS

Programming Languages:Java,Python,C,JavaScript

Backend :[Node.js](#),Express.js, JWT Authentication,google OAuth,REST API,JDBC

Tools:Git,Github,VS Code,Maven,Postman

Database : SQL,Mongo,Neo4j

Web Technologies:React.js,HTML,JS,CSS,Java with Maven,Bootstrap

Testing: Unit Testing, Integration Testing, API Testing (Postman)

CERTIFICATIONS

NPTEL SWAYAM

[Programming through java](#)  80%(Silver)

[Cloud computing](#)  75%(Silver)

[Programming in C](#)  40%

INFOSYS SPRINGBOARD - Java Foundation,Data Structure,Introduction to Python

COURSERA- [Algorithms for Searching, Sorting, and Indexing](#)

INTERNSHIP

[LearnLogicfy Technologies LLP, Coimbatore](#)

Developed responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap, improving UI consistency and mobile Performance.

COMPETITIVE PROGRAMMING

LeetCode: Max Rating **1839** | **Top 6.36%** globally | **370+** problems solved | **4 Badges**

CodeChef: Max Rating **1666** (3★) | **736** problems solved | Current Rating : **1636** | Global Rank: **13013**

Codeforces : **50+** problem Solved | Max Rating **1164**

Geeksforgeeks : **119+** problems solved

ACHIEVEMENTS

- Solved **1360+** coding problems across multiple competitive platforms and participated in 119+ CodeChef contests, strengthening problem-solving and competitive programming skills.Won **1st Prize** in a coding competition at an inter-college technical fest held at Dr. NGP College of Engineering.
- Presented a research paper titled “**Air Sense – Real-Time Air Quality Monitor and Health Predictor**” at the ICCCSS 2025 conference conducted at Rathinam College of Engineering.
- Secured a **Top 15 position** in a 24-hour coding hackathon and also participated in a 36-hour hackathon, gaining hands-on experience in team-based problem solving
- Actively participated as a **Master of Ceremony** in various college events, enhancing communication and leadership skills.
